Personals: Tales from the cryptic

STEVE BLOW

One mysterious ad says, "Looking for anyone who worked at Nardis of Dallas or Jenifer Juniors and knew Abraham Zapruder from the years of 1942 to 1970; please contact Bruce Adamson, PO Box 91, Aptos, CA 95001."

I called Mr. Adamson, who has stretched the Kennedy conspiracy theories to include Mr. Zapruder, the late Dallas man who filmed the assassination.

"I found it very unnatural that Abe Zapruder doesn't blink or move while filming this. How does he know the bullets aren't coming at him?" Mr. Adamson asks.

If I understood it right, Mr. Adamson has somehow linked Mr. Zapruder to the movie *The Manchurian Candidate*, which starred Laurence Harvey, which is how Lee Harvey Oswald sometimes signed his name, and was partly financed by a New York fashion company, which employed a man who was the brother of a man who designed dresses for Jacqueline Kennedy.

This is all copyrighted, Mr. Adamson stressed. "I hope this doesn't get me assassinated," he said. "It could."

I wonder what he knows about a conspiracy to cough and sneeze and block traffic

Mr. Bruce Adamson
Post Office Box 91
Aptos, California 95001-0091

Dear Mr. Adamson:

Thank you very much for the correspondence you have sent to my office recently. First, I want you to know that I appreciate the information you have provided me regarding the assassination of President John F. Kennedy. And, as you already know, I strongly support disclosing the records regarding the assassination. To this end I have cosponsored H.J. Res. 454, a joint resolution to provide for the expeditious disclosure of records relevant to the assassination of President John F. Kennedy. This resolution has been reported out, but has not yet been scheduled to come before the full House for consideration.

With reference to your inquiry as to whether I have referred the information you have given me to the appropriate Committees, I want you to know that I sit on the Committee on House Administration. This is one of the Committees that has jurisdiction over this issue. I have certainly kept the information that you have provided me in mind as we have discussed the issue. However, as I am sure you know, there are many people involved in the investigation. Ultimately, I believe that all information that is relevant will be extremely useful in the the investigation.

Again, thank you for contacting me. Please do not hesitate to let me know whenever I can be of help in my role as the United States Representative for this area.

Sincerely,

LEON E. PANETTA
Member of Congress

STEVE BLOW

And finally, in a column about the weird array of topics in the personals section of the classified ads, I mentioned Kennedy researcher Bruce Adamson. He's trying to prove a link between Lee Harvey Oswald and Abraham Zapruder, the man who filmed the assassination.

Mr. Adamson thought my synopsis of his findings made him look silly. So I invited him to provide his own summary:

"I have information that Jeanne Le Gon and Abraham Zapruder worked together and knew each other at Nardis of Dallas, a women's apparel firm. Nardis was owned by Ben Gold, who was Russian-born, as were Jeanne Le Gon and Abraham Zapruder. Jeanne Le Gon is *aka* Mrs. George de Mohrenschildt. The de Mohrenschildts were Lee Harvey Oswald's only Russian friends at the time of the assassination. I have tied the de Mohrenschildts, the Cassinis and the Kennedys in 20 different ways. Jeanne's father was in charge of the Manchurian railroad. This was the same railroad that Count Arthur Cassini passed the legislation to build. Cassini was the grandfather of Oleg and Igor Cassini. I have de Mohrenschildt's personal phone book, which is a Who's Who of America, including George Bush and Lyndon Johnson. I am looking for help from the citizens of Dallas who may know more than myself! Copyrighted by Bruce Campbell Adamson, P.O. Box 91, Aptos, Calif. 95001."

Can anyone help Mr. Adamson?

Hal - in this amazing two
sentence statement, Armstrong
(the Oswald "expert") reveals his
incredible ignorance about
not only Zapruder, but also
the entire case. If he had
studied — even superficially —
anything at all on Zapruder
he could never have made
such ridiculous statements.

just add this to the file").
